EDUCATION

Florida International University
Bachelor of Science, Computer Science

May 2027

PROFESSIONAL EXPERIENCE

IBM

Designer Intern

San Jose, CA

May 2026 – Aug 2026

- Improved scalability and content discoverability across 10+ developer portal pages by restructuring information architecture and applying IBM Carbon design system patterns
- Reduced time to first tryout by streamlining subscription and asset discovery flows and designing an AI-powered discoverability entry point for plans and global subscription options
- Accelerated design-to-development handoff by using Figma Make and IBM Bob to rapidly prototype the experience in Angular

Miami HEAT

Software Engineer Intern

Miami, FL

September 2025 - Present

- Redesigned and optimized the UI/UX of a CRM ticketing dashboard managing \$50M+, improving usability and load performance for 10,000+ seat renewals while collaborating cross-functionally with engineers, product managers, designers, and business stakeholders through Azure DevOps in Agile sprints to deliver user-centered
- Develop and iterate Figma prototypes, implementing front-end in React, TypeScript, and Angular, creating a maintainable and user-friendly dashboard interface

CodePath

Tech Fellow

Miami, FL

July 2025 - Present

- Facilitate web development learning by tailoring content to diverse learners and simplifying complex concepts—teaching HTML, CSS, JavaScript, and core UI/UX principles—resulting in a 30% increase in student tech-job placements

The CuCompany

Graphic Design Intern

Miami, FL

July 2023 - August 2023

- Managed and created engaging social media content using Adobe Creative Cloud; developed performance reports and translated/uploaded podcasts to expand audience reach and improve user engagement
- Supported branding strategies for international companies by applying visual design principles, consistent brand systems, and user-centered creative direction to enhance visibility and market presence

PROJECTS

[Go Transit Mobile App Redesign](#)

July 2025 - August 2025

- Conducted research including 25+ reviews, 7 interviews, and 5 surveys; created personas, affinity maps, and competitive + SWOT analyses to uncover key usability pain points
- Developed wireframes and high-fidelity prototypes that optimized navigation, standardized visual system, and streamlined pass integration—enhancing accessibility and reducing user time-to-task

LEADERSHIP

INIT FIU

Creative Director

Miami, FL

Jan 2025 - Present

- Designed website UI, 100+ marketing assets, and branded merchandise for [ShellHacks](#)—Florida's largest hackathon with **1,400+** participants, enhancing brand visibility and engagement
- Led visual branding for FlagOps, an emerging competition, using Adobe Creative Cloud to help attract 40+ participants
